

Capital Access Group, LLC (CAG) is a financial consulting firm that specializes in adapting proven financial technologies to the needs of underserved markets. Our goal is to help banks, government and community development financial institutions make better use of the capital markets to finance small and minority business, commercial development and nonprofit organizations in their communities.

Firm's Mission:

The mission of our firm is to take techniques that have worked so well for the consumer loan and mortgage markets and apply them to the financing needs of chronically credit-starved borrowers, especially minority-owned firms. The opportunities are vast and the stakes are huge.
